Kanlux TIBERI CCT are reliable flush-mounted luminaires ideal for suspended ceilings, perfect for lighting communication routes, offices and commercial spaces. They are characterized by a durability of 50,000 hours and a luminous efficacy of up to 120 lm/W. Thanks to the high color rendering index (CRI > 90), the light faithfully reproduces colors, and the ability to choose the color temperature (3000K, 3500K, 4000K) allows you to match the lighting to the character of the interior. The luminaires also offer power regulation (Power Switch) in the range of: 15–21 W or 23–29 W. Increased tightness (IP44/20) provides protection against dust, dirt and water splashes, making the luminaires suitable for demanding environments. The lack of a power supply in the set allows you to choose the on-off model (500 mA, 700 mA) or DALI (max. 700 mA). Kanlux TIBERI CCT are available in white and black, and a 5-year warranty confirms their quality and reliability. This is a modern solution that combines functionality with aesthetics.
